

# I HEARD YOU THE FIRST TIME...™

## G Switch - HRT

*The ultimate universal switch for tactical, water or airborne operations*

### Features

Dual comm or submersible options available

Optional wireless PTT as well as volume control features

Optional aux inputs for remote switches

Button configuration can be button or toggle

Strong back-clip provides a secure attachment even in high impact situations

**TEA Products can be configured for practically any radio or intercom**

TEA is an ISO Certified Company that manufactures and sells audio communication products directly to specialized end users such as U. S. Special Forces and Law Enforcement Agencies without involvement from resellers or independent reps. This policy and the unique and custom nature of these products have caused many Federal, State and Municipal Procurement Officers to qualify these as sole source procurements.
